

Accessing RADICAVA ORS® (edaravone) through a specialty pharmacy

1. **Complete, sign, and submit a [Benefit Investigation and Enrollment Form \(BIF\)](#)**, which acts as a prescription, to the **JourneyMate Support Program™**, including prescriber and patient signatures.
 - Patient authorization enrolls your patient in the **JourneyMate Support Program™**, which includes eligibility determination for the Out-of-Pocket Assistance Program and information about other financial support options
 - If your patient is unable to provide their signature, a **JourneyMate Support Program™** Insurance & Access Specialist will contact your patient to obtain it
 - Help avoid unnecessary delays in patient access to therapy by providing documentation typically required by the specialty pharmacy to assist your office with the Prior Authorization process
 - Request a copy of [Coverage Determination Considerations for RADICAVA ORS®](#) from your Manager of Patient Access for more information

2. **The Insurance & Access Specialist provides your office and your patient a preliminary benefit summary, which:**
 - Confirms your patient has health insurance that may cover their RADICAVA ORS® prescription
 - Determines if your patient's health insurance specifies a preferred in-network specialty pharmacy
 - Provides the specialty pharmacy name and contact information to your office and your patient
 - Assigns a Patient ID number to your patient

3. **Based on the preliminary benefit summary, the prescription is triaged to an in-network specialty pharmacy using the following criteria*:**
 - Payer preference
 - Evaluation of patient/prescriber preference
 - In-network pharmacy chosen at random

*Prescribers treating patients covered by a Kaiser Permanente health plan should utilize a Kaiser Permanente pharmacy service.

See how the specialty pharmacy completes the prescription process on the back. 

The specialty pharmacy completes the prescription process.

Conducts the final coverage determination process

- Contacts your patient to discuss insurance coverage
- Confirms approval of health plan coverage and coordinates with the Insurance & Access Specialist to provide the final benefit summary to your office and your patient
 - The Insurance & Access Specialist contacts your patient to discuss financial support options that may be available, including the Out-of-Pocket Assistance Program, if eligible*

*This is not insurance. The Out-of-Pocket Assistance Program is for eligible patients who have private, commercial health insurance with prescription coverage for RADICAVA ORS®, which does not cover the entire cost of the medication. For RADICAVA ORS®, patients enrolled in commercial prescription drug insurance and Medicare Part A and/or Part B are eligible for assistance so long as they meet all other eligibility criteria and are not enrolled in or become enrolled in Medicare Parts C or D. Support is not valid for patients covered, in whole or in part, by Medicaid, Department of Veterans Affairs (VA), Department of Defense (DoD), or any other federal or state health insurance program. Other restrictions apply. See full Eligibility Requirements & Terms and Conditions, available at radicavahcp.com.

Coordinates dispensing the medication to your patient

- Applies any financial support options that may be available, if eligible
- Processes the prescription
- Ships the medication to your patient

RADICAVA ORS® (edaravone) is available from the following specialty pharmacies.

Prescribing RADICAVA ORS® for Veterans

RADICAVA ORS® is on the Veterans Affairs (VA) National Formulary. Criteria for Use for RADICAVA ORS® have been established and require healthcare providers to provide clinical justification along with a prescription to the patient's local VA pharmacy.¹ Prior Authorizations will now be adjudicated at the local VA medical center, rather than through the VA's National Prior Authorization Group. This process may vary by VA facility, so for further guidance or questions, please contact the local Chief of Pharmacy.

Eligibility requirements may apply. Veterans should always contact their local VA for more information and any questions regarding their benefits coverage.
